2016 PRIORITIES
To ensure that we are addressing the changing and diverse needs of our community, we conduct a Community Health Needs Assessment every three years. In 2016, we identified four priority areas:

Access to Healthcare Services:
- Primary, Oral and Behavioral Health
- Cancer
- Diabetes, Nutrition, Physical Activity and Weight
- Heart Disease and Stroke

SERVICE AREA
675,000+ total population

Primary Service Area
- Arlington Heights
- Mount Prospect
- Palatine
- Rolling Meadows

Secondary Service Area

A year of bridging barriers

$293,800 Other community benefits
A year of planning and giving

$53,000 Research
A year of scientific study

Attorney General Report
The annual non-profit Hospital Community Benefit Plan Report is public information and has been filed with the Illinois Attorney General. Copies of the report are available to the public upon request from the Illinois Attorney General.

This report includes community benefit activity from Northwest Community Healthcare, an affiliated entity of the hospital.

NCH is a not-for-profit 501(c)(3) organization.
A year in the life of NCH

We know that a few extra minutes, even seconds, can save a life. In a year, that’s 525,600 minutes or 31,536,000 seconds. Another way to measure a year? By sharing a portion of our resources with the community we serve, every single day.

Because we are an independent, not-for-profit organization governed by an elected Board of Directors, we’re able to maintain control of our assets and deliver on our promise to provide quality healthcare to everyone, regardless of their ability to pay. We work diligently to assure that our resources are allocated to have the greatest impact, 365 days a year.

We invite you to review this 2016 report summarizing our $63.2 million contribution in community benefit programs and services.

Stephen O. Scogna
President and CEO, Northwest Community Healthcare
