

To ensure that we are addressing the changing and diverse needs of our community, we conduct a Community Health Needs Assessment every three years.

In 2018, we identified:

## FIVE PRIORITIES

1. Access to healthcare for the under-resourced
2. Behavioral health
3. Obesity (nutrition and physical activity)
4. Cancer
5. Chronic diseases (diabetes, heart/stroke and respiratory)

LOCALLY  
FOCUSED.  
PERSONALLY  
INVESTED.  
NATIONALLY  
RECOGNIZED.

WE ARE A  
NOT-FOR-PROFIT  
**501(c)(3)**  
ORGANIZATION

Community isn't just part of our name; it symbolizes our responsibility to care for our patients and neighbors in the northwest suburbs, and it is our privilege to do so.

With the commitment of our generous donors and collaborative partnerships, we're able to invest our resources in local outreach programs and services that have the greatest impact and increase access to care. In 2018, we were honored to direct **\$50.9 million** to enhance the health and welfare of those in need who live and work in our community.

We hope you enjoy our Community Benefit Report summarizing the ways in which we responsibly allocated our resources in 2018. As we celebrate our 60th anniversary this year, we look forward to continuing to invest in our community for years to come.

Most sincerely,

Stephen O. Scogna  
President and CEO  
Northwest Community Healthcare

## INDEPENDENT SINCE 1959.

Our history of caring for our community began 60 years ago. Since first opening our doors in 1959, we've grown as the northwest suburbs have—continuously expanding our services and facilities as needs arise. And being an independently owned, non-for-profit healthcare organization has allowed us to continuously invest in the health and welfare of our community.
